## 2010 JOBS CREATED

*Job growth, whether as a direct result of FCEDC services or in response to overall economic conditions, is a strong indicator of the vitality of our community. The information presented below will continually direct the efforts of FCEDC staff and its partners as we seek opportunities to retain the current businesses of Finney County, recruit new business and industry to our region, and recruit a quality workforce to fill labor demands.*

<b>Businesses</b>	<b>Total Job Growth*</b>	<b>Primary Job Growth within Total Growth</b>	<b>Capital Investment</b>
Existing Business	102	78	\$9,328,000
New Business	0	0	
Total	102	78	\$9,368,000

Survey information was sent to businesses in Finney County and posted on the FCEDC website. The information presented is based on 40 survey responses as of **January 25, 2011**.

\*Total Job Growth does not include construction/ancillary jobs affiliated with the development or expansion of a business.
